

## FLORIDA VIRTUAL ENTREPRENEUR CENTER

*Major funding provided by the Florida High Tech Corridor Council*

# Florida High Tech Corridor Council's Virtual Entrepreneur Center

### Looking for a Comprehensive Resource about How to Grow Your Business?

The Virtual Entrepreneur Center Web portal ([www.flvec.com](http://www.flvec.com)) is designed to be a one-stop shop library for entrepreneurs who are looking for business resources all in one place.

As an initiative of the Florida High Tech Corridor Council in partnership with local economic development organizations, the Virtual Entrepreneur Center offers a catalog of local, regional, state and global business resources organized by county, as well as a directory of businesses that offer services catering to entrepreneurs and small business owners. The flvec.com site complements GrowFL's services by providing entrepreneurs with access to resources for expanding their business.

The flvec.com site is currently operational in all 23 Corridor counties:

|              |          |             |
|--------------|----------|-------------|
| Alachua      | Manatee  | Volusia Bay |
| Brevard      | Marion   | Broward     |
| Citrus       | Orange   | Collier     |
| De Soto      | Osceola  | Duval       |
| Flagler      | Pasco    | Escambia    |
| Hardee       | Pinellas | Lee         |
| Hernando     | Polk     | Leon        |
| Highlands    | Putnam   | Martin      |
| Hillsborough | Sarasota | Miami-Dade  |
| Lake         | Seminole | Monroe      |
| Levy         | Sumter   | Palm Beach  |

The Virtual Entrepreneur Center is continuing to expand throughout the state. Entrepreneurs in counties not currently serviced by the site can log in to access the portal's statewide and national resources.
