Good afternoon,

The Greater Tallahassee Chamber of Commerce is constantly looking for ways to provide our members with resources to help their businesses thrive. With that in mind, we have identified your business as a potential candidate for a Free Technical Assistance Program that our affiliate, the Economic Development Council of Tallahassee/Leon County, is managing.

We would like to invite you to join us on Tuesday, April 19, from 11:30 a.m. to 1:00 p.m., at the Chamber building (115 N. Calhoun St.) to learn more about the GrowFL program that provides free technical assistance to qualifying growth companies. Lunch will be provided during the informational session.

GrowFL supports the growth of Florida businesses by providing a free suite of high-end, high-speed technical assistance and business tools to companies that have grown beyond the startup phase and need access to information and decision-making tools. Technical assistance services are customized to the needs of individual companies and may include, but are not limited to, search engine optimization and social media tools, Geographic Information Systems (GIS), market research, competitive intelligence and management team temperament consulting.

To obtain more information or RSVP, contact Kara Palmer Smith [HERE](#). RSVP deadline is Friday, April 15.

Thank you,

Sue Dick
President
Greater Tallahassee Chamber of Commerce
